**At Emory's Goizueta Business School, we believe that small businesses make a big impact in our neighborhoods.**

Research shows that microbusinesses account for more than 7 million US jobs and more than \$350 billion in total payroll. **Start:ME** is an intensive accelerator program for promising local businesses. During the 12 sessions and beyond, we connect entrepreneurs to the knowledge, networks, and capital necessary to build and grow small businesses. We believe that promising entrepreneurs are everywhere and we work to build the local, neighborhood ecosystem that is required for small businesses to start and grow.

## Table of Contents

Introduction to Start:ME	
Art & Design	2
Beauty, Health & Wellness	6
Education & Childcare	10
Food & Beverage	12
Homecare & Repair	16
Media & Photography	18
Professional Services	20

**During times of calm and times of crisis, small local businesses play key roles within their communities – identifying and serving local needs, stepping up to help those in need, and being all-around good neighbors. Now more than ever, those businesses need our patronage and support. Join the #SHOPSMALL movement by supporting businesses in your community, including the Start:ME alums featured in this guide.**
